

Dominique Gonzalez-Foerster

# RGB — photos

2013

Three Star Books

Dominique Gonzalez-Foerster's RGB, a cataloguing of non-sites and all places "in-between" is now available in a special series of framed prints. Whereas each book reflects upon the predominant color for a series of photos, each photograph in the print series is, in turn, a unique image housed within custom-built display case frames designed by the artist.
